Dear Ed,

I certainly do want to thank you for the inspiring day last Sunday and the honor accorded me by your honorary degree. I was very impressed with your faculty, students, and the whole atmosphere surrounding Pace. I am pleased to be a member of the team.

It was, of course, particularly heartwarming to see the willingness of the students to accept the importance of a good CIA. Clearly they have been taught to take a very balanced view of controversial affairs. I know that will stand them in good stead throughout their lives.

Incidentally, I spent the rest of the weekend and Monday with our mutual friend George Shinn at his farm in Vermont. When I told him where I had been, he expressed admiration for you and what you've done at Pace over the years.

With warmest regards.

Yours,
